REPORT OF FOREST FIRE WARDEN

1951 REPORT

ONLY YOU CAN PREVENT FOREST FIRES

New Hampshire faces a real forest fire problem and challenge! To meet it successfully, New Hampshire and your community needs YOUR thoughtful and cooperative effort.

Continuously heavy lumbering operations following the hurricanes has produced more than 4 billion board feet of lumber. This lumber helped win World War II, meet post war needs and now the current requirements for the Korean military action. But it has added nearly 900,000 acres of slash to our already sizeable slash problem.

When You fail to use needed precautions while burning in or near woodlands—
When YOU fail to secure the required permit from your local forest fire warden before burning—
When YOU are careless in smoking near woodlands—
When YOU throw lighted cigars, cigarettes and matches from vehicles moving along the highway—
YOU are violating fundamental common sense and may easily contribute to a substantial and costly fire. Such conflagrations are possible because of the hundreds of thousands of slash acres throughout the state!

REMEMBER—the fire YOU prevent might be one which could conceivably burn YOUR property and harm YOUR community!

ONLY YOU and YOU and YOU can prevent forest fires! Will you help?

1951 FIRE RECORD

Number of fires—none.

GEORGE A. BENNETT,
Forest Fire Warden.
The department responded to eight calls during the year. There were chimney fires at James’ on January 12, Baillergeon’s on April 15, and Brady’s on December 16. No damage resulted from these. On April 24 a shed on the George Hill place was ignited by a grass fire with damage of about $50. A fire in the Hugh McDonald house on October 9 did damage of about $125.

The department helped with a brush fire at McCabe’s on April 15. An automobile fire at the Fisher place did about $25 damage on November 10. Two calls for help from the Interstate Emergency Unit were answered. One was for a woods fire near Grape Vine Hill in Epping on May 15. The other was a barn in Dover on October 13. The tank truck stood by for two permitted fires: a ditch on Mrs. Garrity’s place on May 15, and an old house at Glenmere village on June 17.

Using money appropriated at the 1951 Town Meeting, an overhead door was installed in the Fire House. Cement was purchased for the floor, which was poured by volunteer labor. Asbestos shingles for siding also were purchased, but labor has not been available to install them. A chimney also was built.

The following names should be added to the directory on the Fire Department map distributed two years ago:

Sheppard 1M, L. Stevens 5N, Scott Taylor 7L, Wenant 4K, Whippen 3F.

Fire Department Officers for 1952 Are:
Chief, Everett Sackett, Dover 293-14.
Second Deputy, Lloyd Stevens, Newmarket 56-2.
Captain, Melvin Crouse, Newmarket 328-12.
Treasurer, V. C. Morey.
Secretary, Marvin Davis, Newmarket 61-3.
Directors: Robert Keniston, Newmarket 56-12; Carl Sanders, Newmarket 61-14; Charles Piper, Epping 2464.

To report a fire by telephone tell the operator "Fire Emergency" and then give Captain Crouse's number, Newmarket 328-12. If you don't remember the number, merely tell the operator you are reporting a fire in Lee and she will know the number to call.

EVERETT B. SACKETT,
Chief.

Five of the above pupils are from neighboring towns, while Lee sends 21 elementary pupils out of town, the largest delegation being 16 pupils of Grades VII and VIII to Newmarket. The high school group is distributed as follows: Epping 1, Newmarket 11, Dover 11.

Interest in a Cooperative School District has revived in the light of a new law (Chapter 213, Laws of 1951). At a joint school board meeting held in Durham January 9, 1952, possibilities of pooling the personnel and facilities of Durham, Lee and Madbury (and possibly other towns) were discussed. Durham appears willing to offer excellent elementary and junior high facilities beyond the scope of smaller towns to furnish. On the other hand, Lee possesses a favorable site and location convenient, but outside the congestion of urban areas, where a good-sized central high school may be envisioned to care for tuition pupils who may shortly have no place to go. It may be that factors that have blocked the grade school project in Lee have thereby made possible an educational enterprise of far larger scope.
Lee teachers responded to the Civil Defense appeal by taking standard Red Cross first-aid courses under qualified instructors.

Music should be reintroduced with a special teacher. The rising generation in Lee should be trained to appreciate and take advantage of the remarkable musical events sponsored by the nearby university, to exercise discriminating taste in radio listening, and to enrich their lives by creative expression. But no other valuable specialty now enjoyed should be sacrificed.

The lunch program has been simplified by service in the schools. It is gratifying that interest has been maintained to carry on this activity, even though circumstances may make it necessary to adapt it to conditions from time to time.

The Dental Service of the State Board of Health made it possible for a clinic to be carried on this fall for cleaning and applying fluorine to teeth to prevent decay.

While these special services have added their value, the regular work of the classroom in the 3 R's, citizenship, and world understanding, have been faithfully carried on in a cheerful and industrious atmosphere. This is our part in making our country strong.

Respectfully submitted,

CHESTER W. DOE,
Superintendent of Schools.
